

# Designer Manufacturer

## AGRO EC STAINLESS STEEL

Foodgrade protective cabinet for computer equipment

Designed to house a complete computer workstation: LCD monitor, base unit, keyboard and mouse

### Characteristics:

- Leak-tight cabinet (IP 65, closed compartments) manufactured using class 304 stainless steel of thickness 1,5mm;
- Cabinet can be wall mounted using an appropriate fixing
- Smooth outer surface, without angles to facilitate cleaning and avoid the accumulation of waste.
- Connectivity: two standard cable glands (7 to 13 mm) to allow cables to enter the cabinet.

### Upper section: Screen compartment

- Access to screen and base unit through the front door;
- Front face protected by LEXAN PMMA transparent protective panel
- 180 ° opening and closing of the compartment with two Fastner locks.

### Lower section: Keyboard compartment

- Compartment opened and closed using a fold-down flap;;
- Extensible keyboard/mouse shelf.

### Advantages :

- Protection and leaktightness
- Optimised working space

### EC LCD INOX DIMENSIONS (mm) :

Overall external	W 620 x D 380 x H 750 mm
Usable internal of screen compartment	W 617 x D 347 x H 577 mm
Usable internal of keyboard compartment	W 617 x D 347 x H 120 mm
Lexan Lighting	W 507 x H 476 mm

EC LCD inox closed

EC LCD inox opened and extensible keyboard shelf

# Fixed and mobile workstations

## OVERVIEW OF OPTIONS

*The Stainless Steel solution for the protection of your computer equipment*

### LEGS or WALL MOUNTING option

- Legs in brushed stainless steel (304);  
Or
- WALL MOUNTING using brushed stainless steel (304) tubing.

### KDL Option

- System of opening cable glands, making it possible to connect cables without having to remove their end pieces;
- The cable glands are in two sections which hold the cables in leaktight seals;
- Generally fitted to the right hand side panel, assuring a leaktight cabinet.

### Ventilation options: VENTILATION INLETS or ECA

- VENTILATION INLETS: natural heat extraction system using protected ventilation inlets;
- ECA: fan protected by a deflector allowing the heat to be evacuated from the cabinet.

### MOUSE MAT option

- Polyethylene keyboard shelf;
- Fixed under the keyboard shelf and sliding on the right or left hand side.

### Additional options:

- Additional shelving;
- Locks;
- Pistol grip mount;
- IP 66 protection keyboard and mouse;
- ...
