

Designer Manufacturer

MOBIRACK

Mobile housing for computer equipment
Designed to hold & organise IT workstations or various configurations of labelling machinery

Characteristics:

- Mechanically welded assembly;
- Structure in 20/10 steel plate with four vertical pillars allowing adjustment of the height of the shelving.

Upper section:

- 'Rollbar' in 30 mm diameter sintered tubing, for:
 - An adjustable monitor mounting plate;
 - Pistol grip mount;
- Worktop in steel plate designed for a keyboard and mouse;
- Handling: 2 handles on the side or a single handle on the front.

Lower section:

- Capable of handling several height-adjustable shelves for printers and/or labelling machines;
- Lower shelf in steel plate - designed for an optional cabinet providing an autonomous power supply (batteries, converters, chargers, etc.);
- Ground contact: 4 wheels (100 mm diameter), two of which pivot and can be locked, two of which are fixed.

Advantages:

- Mobility
- Autonomy provided by power cabinet
- Ergonomics
- Optimised productivity

MOBIRACK DIMENSIONS (mm):

Overall external	W 560 x D 625 x H 1,430 mm ('rollbar' included)
	W 560 x D 625 x H 1,040 (from floor to worktop level)
Internal dimensions	W 460 x D 540 x H 880

MOBIRACK
with LCD PROTECTION

MOBIRACK
with sliding shelf and
fitted with locking latch

REALISATIONS

Fixed and mobile workstations

DESCRIPTION OF OPTIONS...

*The robust solution for
computer hardware mobility*

AGM Battery

Lithium battery

ENERGY CABINET option

- With AGM (acid-free) and LITHIUM Batteries;
- Single, perfectly insulated and ventilated housing;
- Houses batteries and all peripheral material (converters, chargers, etc.);
- Provides a supply for multiple consumer units (PC, printer, terminal, screen, etc.) thanks to its multi-voltage outputs (5 to 24V DC and/or 230V AC).
- Batteries compatible with all types of transport (land, sea and air);
- Modular, upgradeable cabinet: plug-in, interchangeable boards depending on your requirements.

Front
panel

MONITOR MOUNT option

- Compatible with standard holes (VESA 75 & 100 mm standards);
- Adjustable monitor mounting plate;
- Attached to the sintered tube 'rollbar'.

Rear panel

LCD PROTECTION option

- Protects flatscreen monitors from dust, temperature changes, splashes, cold, etc.;
- Panels in 10 mm thick plastic;
- Smooth surface, two ventilation inlets;
- Attached to the sintered tube with access to the monitor using the removable front panel.

PISTOL GRIP MOUNT support

- Attached to the sintered tube 'rollbar';
- Or the worktop;
- Compatible with standard pistol grips.

Additional options:

- Keyboard mounting handle;
- Side-mounted document holder;
- Writing desk;
- Energy cabinet plug retaining band;
- Additional fixed or sliding shelf;
- etc.
